Car Show 2009 is here!! On the day of the show everyone should know by now that it's really a work day with some fun. Please bring a calculator to add up the judging sheets. Please do not leave the desk until the sheets have been added up. In case there is a tie between two cars, we don't have the time to be looking for you in the field. If it's hot like it's been in the past. Bring water or something to drink. If you haven't signed up for something to do yet, most of the time we're going to need help parking cars. If it works as good as it did last year that would be great.

New York has passed the "Cash for Clunkers" bill. The government will give you \$3500.00 to \$4500.00 depending what you buy, for a new energy efficient car. The vehicle you trade in has to be crushed. It can not be resold back to the public. The only good thing about this is that the car can not be older then twenty five years old. At least that leaves most of the old cars out.
